

VACCINATION PACKAGES

The Vaccination Essentials packages provide a complete, practical solution for creating a safe, organised and comfortable vaccination environment. Combining a purpose-built vaccination trolley with essential clinical furniture and privacy equipment, the package brings everything together to support efficient vaccination delivery in busy healthcare settings.

Available with either the compact Vista 30 or larger Vista 50 vaccination trolley, the packages offer flexibility to suit different space and storage requirements, while providing a convenient and cost-effective alternative to purchasing each product individually.

Key Features

- Complete vaccination setup including vaccination trolley, clinical stool, patient chair and privacy screen
- Available with either the compact Vista 30 or larger Vista 50 vaccination trolley
- Cost-effective package pricing compared with purchasing products individually
- Conveniently supplied as one complete solution, simplifying purchasing and setup
- Purpose-built vaccination trolley with organised storage, integrated alcohol gel and glove box holders, debris bin and sharps bin brackets (sharps bin not included)
- Three-panel mobile privacy screen for creating a private vaccination area
- Comfortable, height-adjustable clinical stool and ergonomic Venus chair
- Easy-clean design and materials throughout
